Message

I am happy to know that a group of Jamia's alumni presently settled in United Kingdom is organizing a series of commemorative programmes including a seminar on Jamia and education in general as well as an interactive meeting with the academia to discuss Jamia's evolution from an institution of basic education to a modern institution with a lot of emphasis on advance research, science, engineering and technology etc.

Jamia Millia Islamia has certainly come a long way from its very modest beginning. However, we all, associated with Jamia Millia Islamia take pride in the fact that this historical institution was established with the particular cause and glorious legacy of this institution continues to be marked by nationalism, secularism and plurality of Indian society. We are inching closer to completing 100 years of Jamia's existence in 2020. The biggest tribute to the founders of Jamia will be to rededicate ourselves to the above mentioned values and reignite the passion to strive for excellence in education and research. The goal for Jamia to figure in the best 200 Universities of the world by 2020 is no doubt challenging but is achievable. The alumni of Jamia Millia Islamia can play a significant role in this direction by raising resources as well as prestige of this institution by performing the role of accomplished ambassadors of the University.

I wish the series of commemorative programmes on Jamia Millia Islamia a grand success.

(Prof. S.M. Sajid)
